Subsurface	Drilling	Production	Facilities	Power
Facies from logs **C** per depth sample	Rate of penetration **R** per metre drilled	Next-day oil rate **R** per well-day	Corrosion rate **R** per pipe segment	Day-ahead load **R** per hour
Porosity from logs **R** per depth sample	Stuck-pipe warning **C** per rig hour	ESP trip in 7 days **C** per pump-day	Leak-alarm triage **C** per alarm	Wind-farm output **R** per 10 minutes
Missing sonic log **R** per depth sample	Lithology at the bit **C** per depth sample	Gas-lock detection **C** per time window	Compressor fault **C** per trip event	Transformer fault **C** per gas-analysis sample

R regression: numeric target **C** classification: class label
